Washington, DC 20510

Dear Senator McCain,

I urge you to tell the Federal Communications Commission (FCC) not to weaken the rules that help preserve competition and diversity among the owners of America's newspapers and radio and TV stations.

As you know, the FCC is reviewing rules currently for media ownership and is likely to allow big corporations to dominate ownership of media in a particular city or town. If that happens, one company may be allowed to own the local newspaper, several TV and radio stations and the cable TV system in the same community. There would be fewer owners of networks, stations and newspapers nationwide.

Media ownership would be concentrated among fewer companies and the public's ability to have open, informed discussion with a wide variety of viewpoints would be compromised. Plus, it likely would result in higher costs for businesses that advertise in local media, and those costs likely would be passed onto consumers.

The FCC is expected to vote on whether to change the rules on June 2. The public comments submitted to the FCC by individuals have been opposed to media consolidation overwhelmingly. Americans understand that the public interest is not being served by deregulation that reduces competition.

Please tell the FCC to reinstate its traditional media ownership rules for the sake of competition and democracy.

Thank you.

Sincerely,

Taz Wilhite

**Subject:** FCC don't allow media monopolies

Dear Commissioner Abernathy:

One of the basic elements which help to keep the American media at least partially free and independent is the set of FCC regulations restricting consolidation and monopolies.

In the 2002 Biennial Review, the FCC appears to be planning to roll back many of these protective regulations: the Newspaper/Broadcast Cross-Ownership Rule, the National Broadcast Ownership Cap, the Local Radio Ownership Rule, the Duopoly Rule and the Dual Network Rule.

Relaxation or abandonment of the preceding rules will result in the purchase of local and independent newspapers and radio and television stations by large media giants. The cost to the American People and Democracy will be far too high if local news, reportorial freedom and access to a true variety of legitimate views are further compromised.

Commissioner Abernathy, I urge you to make sure the FCC does not relax or drop these vital regulatory rules.

Sincerely,

Brian Mott

Dear Commissioner Abernathy:

As the FCC considers new regulations regarding ownership of media in the United States, I urge you to make sure that you promote multiplicity of ownership, so that it is impossible for one or a few giant corporations to control the American media.

Commissioner Abernathy we are already at a crisis point in this regard. Five giants own 90% of the media, and this has resulted in biased reporting and poor news coverage. Independence of view and analysis has suffered.

The FCC must take steps to encourage independent reporting and analysis and freer access to government news sources. Don't allow the American media to become monotonous and biased!

Sincerely,
